**AWARDS – Pooled Scholarship Fund:**

This fund is derived from monies raised annually through programs sponsored by Central Coast Women for Fisheries, Inc.; the amount available is expected to vary annually. For 2008, the pooled scholarship amount available is \$40,000, all of which was generously provided by the Central California Joint Cable/Fisheries Liaison Committee. Available funds will be divided pro-rata into the following categories and awards will be given based on the number of qualifying Applicants and their level of education, up to a maximum cap.

- ▶ Qualifying Applicants who will be attending vocational/technical school or community college will receive a pro-rata share of 15% of the fund, or up to \$500 per Applicant per funding round;
- ▶ Qualifying Applicants who will be attending other colleges or universities will receive a pro-rata share of 35% of the fund, or up to \$1,250 per Applicant per funding round;
- ▶ Qualifying Applicants who will be attending graduate school will receive a pro-rata share of 50% of the fund, or up to \$2,500 per Applicant per funding round.

In any award year in which there are not qualifying Applicants for one of the above categories, that category's portion of the Pool Scholarship Fund shall be used to supplement the categories for which there are Applicants, based on the above ratios, to the extent needed to help satisfy awards for qualifying Applicants, up to the maximum amounts listed.

**Endowment Scholarship Fund:**

This fund is derived from an initial investment of \$25,000 provided by the Central Coast Joint Cable/Fisheries Liaison Committee. The purpose of this fund is to build with fundraising, donations and grants so as to keep giving scholarships for our future generations.

**DISTRIBUTION OF FUNDS:**

Upon receipt of notification of an award, Applicant is required to write a letter to the Scholarship Committee indicating whether the awarded funds should be paid to the school of Applicant's choice or, following Applicant's submission of receipts, to Applicant as a reimbursement of book and tuition costs. Please note that funds paid directly to an Applicant *may be considered taxable income* reportable to the Internal Revenue Service.

**WITHDRAWAL FROM SCHOOL:**

If a successful Applicant withdraws from school during the semester immediately following any receipt of scholarship funds from this program:

- ▶ Any monies which were made directly payable to Applicant must be repaid to the Fishing Heritage Scholarship Program within sixty (60) days of such withdrawal from school; and
- ▶ Any monies which were paid directly to Applicant's school on behalf of Applicant and refunded to Applicant must be repaid to the Fishing Heritage Scholarship Program within ten (10) days of receipt thereof by Applicant.

In the event an unforeseen emergency caused Applicant's withdrawal from school, this provision may be appealed in writing to the Scholarship Committee; however, their decision will be final.

**OBLIGATIONS:**

Successful Applicants have no obligation to Central Coast Women For Fisheries, Inc. They are, however, required to supply Central Coast Women For Fisheries, Inc. with current transcripts and to notify them of any change of address, school enrollment or other relevant information. Except as described, no obligation is assumed by Central Coast Women For Fisheries, Inc.
